**REDCOR®** steel

## **REDCOR<sup>®</sup> steel** FormBoss<sup>™</sup> Edging Systems: A natural look that is incredibly durable!

**Description:** Australian made REDCOR<sup>®</sup> steel replaces imported "Corten" steel and is fast becoming a designer's best friend. Despite its natural rusty look, REDCOR<sup>®</sup> steel offers great durability. **Appearance:** At first, REDCOR<sup>®</sup> steel appears light grey once the oils break down, over time you'll get an even rusted coating (avg: 1-3 months)

**Expected Lifespan:** 15-40 years. Lifespan is highly dependent on external conditions, including drainage, application and existing soil conditions.

**Structural Guarantee:** 10 years. It is highly recommended that you seal the inside of any profiles above 150mm with Penetrol for best durability.

Steel Origin: BlueScope Steel, Australia.

Manufactured In: Melbourne.

**Benefits:** Incredibly popular in our taller profiles rolled into circular drums to form herb and veggie gardens. Offering an earthy, natural appearance.

FBASRC301200	FormBoss™ 3.0mm x 1200mm long x 50mm x 30mm angled stakes REDCOR <sup>®</sup> steel (x2 screws)

# Custom shaped steel edging

## **Custom Tree Rings, Corner Pieces & Angle Brackets**

**Rings:** One 2.44m length provides a 777mm diameter circle. Two lengths provides a 1554mm circle (custom diameters also available).

We attach one side of your connector, so all you need to do is loop the ring around your feature and insert two self tapping screws. Custom order fully enclosed rings also supplied.

**Angles:** Profiles 185mm and lower are easy to form angles on site. We provide corner pieces for larger more difficult to bend profiles.

**Custom Fabrication:** We can produce intricate shapes for you in our factory. If there are multiple tight curves and acute angles it may be easier for us to produce them for you. You will also end up with a job that meets specifications exactly. **Manufactured In:** Melbourne.

FormBoss<sup>™</sup> Custom Production (Extra lead time applies 3-5 days) Specify material, GALV, ZAM® and REDCOR® steel are all the same price. All orders to be prepaid. Rolling of a single  $\leq$  2.44m length into a ring or arc on lengths already purchased. Item Code Supplied with Galv tek screws & 1 curved connector. BOLI 75-185 Length of FormBoss<sup>™</sup> rolled to a given diameter, Profiles 75mm-185mm (x2 screws) ROLL230-390 Length of FormBoss<sup>™</sup> rolled to a given diameter, Profiles 230mm-390mm (x4 screws) ROLL580 Length of FormBoss<sup>™</sup> rolled to a given diameter, Profiles 580mm (x4 screws) Custom right angle bends on lengths already purchased. Item Code Specify both dimensions and which side the lip is on. BEND230 FormBoss<sup>™</sup> custom angle bend, 230mm profile BEND290 FormBoss<sup>™</sup> custom angle bend, 290mm profile BEND390 FormBoss<sup>™</sup> custom angle bend, 390mm profile BEND580 FormBoss<sup>™</sup> custom angle bend, 580mm profile Corner Pieces for 230mm and higher profiles. Item Code Supplied with Galv tek screws & 1 connector. CORNER230 FormBoss<sup>™</sup> corner piece 230mm profile 90 degrees 300mm x 300mm (x4 screws) CORNER290 FormBoss<sup>™</sup> corner piece 290mm profile 90 degrees 300mm x 300mm (x4 screws) CORNER390 FormBoss<sup>™</sup> corner piece 390mm profile 90 degrees 300mm x 300mm (x4 screws) CORNER580 FormBoss<sup>™</sup> corner piece 580mm profile 90 degrees 300mm x 300mm (x4 screws) 'L' shaped angle brackets, for rooftops and fixing to solid surfaces. Available in other heights on request. Item Code Galv tek screws. AB100 Angled brackets 100mm high 100mm foot x 80mm wide x 2.5mm gauge (x1 screw) AB200 Angled brackets 200mm high 100mm foot x 80mm wide x 2.5mm gauge (x1 screw) FormBoss<sup>™</sup> Accessories Item Code Installation tools, to make installation easy!

RS	Rubber Forming strip 3mm x 20mm Neoprene, make tight curves a breeze
ТН	Tek screw drill bits 8mm used to drive the tek screws in like a pro
VG	Wide brimmed vise grip
RM	Rubber Mallet 1.2kg with red fibreglass handle
IK	Installation Kit (Rubber forming strip, Tek Bit, Vise Grip and Rubber Mallet)

A rubber mallet is crucial, as metal hammers will damage the edging. We highly recommend our Rubber Forming Strip when creating tight curves on site, it fits underneath the safety lip to allow you to curve the edging more aggressively. A wide brimmed vice grip will ensure all of your connections are virtually seamless. You will definitely need a drill and a 8mm hex bit.

heights and

diameters

## **Preformed Tree Rings and Raised Gardens**

**Description: FormBoss™ Preformed Rings:** in 75mm, 100mm, 150mm, 185mm, 230mm, 290mm, 390mm, 580mm and 850mm profile heights and a choice of three diameters; 777mm, 1165mm and 1554mm.

**Expected Lifespan:** 10-40 years. Dependent on external conditions, including drainage, application and existing soil conditions. See our specification sheet for optimal drainage details. **Structural Guarantee:** 10 years. It is highly recommended that you seal the inside of any profiles above 150mm with Penetrol for best durability.

Manufactured In: Melbourne.

**Benefits:** Easily add an instant garden feature that is both highly practical and very elegant!. Save time and money in garden maintenance with easier weed control and more efficient watering.
